

A SAMPLING OF TESTIMONIALS FROM INSURANCE BROKERS AND THEIR CLIENTS

Barbara Freet and Human Resource Advisors are an invaluable resource for our agency. We have entrusted our largest clients to Barbara and her expertise in Human Resources. From Sexual Harassment Seminars to Employee Handbooks and even phone consultations regarding very sensitive subject matter, Barbara's professionalism and knowledge are second to none. As business owners ourselves, it is imperative our clients are aware of our involvement and contributions to their account. Human Resource Advisors works as our partner and continually keeps us informed of their interactions with our clients and always reminds our clients of our involvement. They are professional, knowledgeable, and extremely responsive. Basically, they make us look good to our clients and our partnership with HRA's gives us a leg up on our competition.

"I have been very happy with our arrangement and the feedback I receive from my clients is positive. You are thorough and professional and I am always confident that you and your staff are able to assist my clients. Having the retainer and our relationship has been a positive attribute in my portfolio of services when I am talking with businesses and clients."

I have found this service to be a great help to my clients with quite a bit of value. When I have new clients it's great to be able to explain that this is part of the service package that I offer. It is also beneficial for long term clients who call me with issues that I have no idea what the correct HR answers should be. All my clients have been very happy with the level of service and follow up HR Advisors has given them. It's also nice to know that Human Resource Advisors answers their questions without being pushy sales people trying to sell them on other products which I think is the case with some of the other HR vendors out there.

I'm happy to speak directly with any potential brokers that are considering your service.

“We just completed our first HR Seminar with Barbara Freet of Human Resource Advisors. This was in response to AB 1825 (Sexual Harassment Seminar). I must say that I was very pleased with Barbara’s professionalism with one of our key accounts—The Hilton in Torrance, CA. Barbara gets the audience involved and really knows her stuff from A-Z. She was able to present two seminars in one day and still not lose her voice by the end of the day. She is truly amazing. I strongly recommend her for those accounts with 50 or more employees and suggest either you or they give her a call or email her to utilize her services. I am booking her for three more seminars in the next 4 months. Feel free to call me with any questions.”

“This letter is to tell you of the pleasurable experience I have had working with Barbara Freet at Human Resource Advisors. She has been working with our company for approximately 11 years and has provided invaluable information and services during that time. Barbara has been key in dealing with all of our locations (we have plants in California, Arizona, Texas, Tennessee, Florida, Georgia, Maryland and Colorado with an overall total of approximately 1500 employees) with HR matters that pertain to both federal and state laws. Her advice is reliable and the quality of it is always good. Her resources are wonderful and if she ever doesn’t know the answer to a question any of our human resource people might ask, she is always very quick to get us an answer. I would recommend her without hesitation to any of the HR professionals I know throughout our industry. Should you have any questions or concerns, please feel free to contact me.
