

Rating Options

[Menu](#) [Privacy](#) [Logout](#) [Manual](#)

- Select available carriers by clicking them (hold Ctrl to select multiple or use the click-hold-drag technique to quickly highlight large portions of the list) then use the arrow buttons to move selected plans between boxes.
- Set your inclusion preferences and then click 'Show Rates' at the bottom of the screen.
- The selections below will default to the selections chosen on your last quote (except for Comprehensive).
- To preset the RAF for each included carrier, click on 'Preset RAF' button.
