

Whole Health Savings

4% off your medical premium when you add a new dental, vision, life or disability coverage.

With Anthem Whole Health Connection® benefits work smarter because they're integrated to deliver better health outcomes and lower costs. That's why we're offering up to 4% savings on your medical premium when you add a new dental, vision, life or disability coverage. That can add up to real savings.

Program details:

The savings apply to new or renewing fully insured, large groups with 101 - 300 eligible employees that add a new dental, vision, life or disability product. This program does not apply to embedded vision or voluntary products. Savings for life coverage applies when the total life schedule is insured and at least an equivalent volume of \$25,000 per covered employee.

Life and Disability products underwritten by Anthem Blue Cross Life and Health Insurance Company, an independent licensee of the Blue Cross Association. ANTHEM is a registered trademark of Anthem Insurance Companies, Inc. The Blue Cross name and symbol are registered marks of the Blue Cross Association.

Connected benefits. Connected administration. Connected health care.

It doesn't get better than this.

Anthem Whole Health Connection ties dental, vision, life and disability into our medical coverage, so we can make benefits administration easy for employers and help employees get the care they need, when they need it.

More efficient administration

Getting benefits from one source means you'll have less administrative hassle and spend less energy managing all your plans. Everything from enrollment to claims is streamlined and simplified, and you have a one-call resolution for many of your day-to-day needs.

Better, more cost-effective care

We're transforming health care by putting members at the center of a team-based, integrated approach to care. Patients and doctors work together in ways they never have before, and our plans are linked to promote overall health.

40% higher medical costs for members with chronic conditions with periodontal disease¹

29,000 patients with diabetes identified in 2017 through a vision claim²

25% (\$8,000) lower medical costs for employees on disability that work with an Anthem care manager³

Anthem Whole Health Connection is delivering real savings for real clients like you.

Talk to your producer or Anthem representative today and start saving.

And don't forget, the 4% savings is in addition to valuable standalone plan features like:

- Dental's 34% average network savings on covered services²
- Vision's 63% out of pocket savings⁴
- Life and disability's robust member assistance program

¹ American Journal of Preventive Medicine's Impact of Periodontal Therapy on General Health Study, June 2014
