Dear Member:

This letter is to inform you that **Enloe Medical Center** is no longer a participating provider in the Anthem Blue Cross network, **effective November 1, 2018**.

Anthem Blue Cross physicians who admit to Enloe Medical Center have been notified of this development and will arrange for admission of members to alternate facilities. With nearly 60,000 healthcare professionals and more than 300 acute care hospitals in our California network, you have many excellent choices. In fact, Anthem Blue Cross offers you one of the largest provider networks and choice in California. A partial list of alternate, contracted hospital(s) includes:

- Feather River Hospital

***Note, the alternate hospital(s) may not be participating in all Anthem networks. Please verify with both your provider and the Anthem Blue Cross website at [anthem.com/ca](http://anthem.com/ca) that the alternate facility is participating in your benefit plan's network.*** For a complete list of alternate contracted facilities, please reference our website noted above.

If you are pregnant, currently undergoing a course of treatment, or if you have a current authorization for health care services, you may be eligible for transition assistance to ensure continuity of care. Please call our toll-free telephone number on your identification card. An Anthem Blue Cross Customer Service representative will be happy to assist you. *Note: HMO members wishing to request continuity of care/completion of covered services should contact their participating medical group.*

If you have been receiving care from a health care provider, you may have a right to keep your provider for a designated time period. Please contact the Anthem Blue Cross customer service department, and if you have further questions, you are encouraged to contact the California Department of Insurance, by telephone at its toll-free number, 1-800-927-4357 or a TTY number for the deaf or hard of hearing at 1-800-482-4833, or online at [www.insurance.ca.gov](http://www.insurance.ca.gov).

Emergency medical services do not require pre-authorization regardless of where services are delivered. Members may go to any hospital for **emergency services**, including Enloe Medical Center. This coverage will be provided according to your policy benefits.

Your enrollment in your health plan remains the same and is not otherwise affected in any way. If you receive a bill from Enloe Medical Center that exceeds the amount indicated as the member responsibility on the Explanation of Benefits you receive from Anthem Blue Cross/Anthem Blue Cross Life and Health Insurance Company for services rendered after October 31, 2018, please contact Anthem Blue Cross at the toll free number on your ID card so that it may be handled appropriately.

Your health care needs are very important to us, and we are committed to providing you with exceptional service. Please be assured that your health care coverage will not be interrupted and that this termination will not result in a change to your covered benefits.

Sincerely,

Anthem Blue Cross
