Total Choice Satisfies Everyone:

- Provides employees with the **most plan choices and price points** to satisfy their needs.
- Employees can buy up or down, **allowing employers to keep costs low** without limiting choice to employees.
- **Encourages increased participation** by offering a lower-cost option for employees wanting to enroll their dependents.
- **Offer more at renewal!** Total Choice is a great way to offer all options without disrupting current plan availability for your group.
- There's **no cost to offer Total Choice**, and there's no participation requirement for any tier.
