# Extended annual maximum

### Unique solution for extended coverage

With Humana's extended annual maximum, employees won't have to put off important dental care procedures for themselves or their covered dependents.

Extended annual maximum is available immediately after the annual maximum for a plan is reached, and there's no cap on the dollars paid in a year. That's an attractive advantage over traditional rollover options.

Extended annual maximum helps employees save money by ensuring they have access to network discounts and 30% coinsurance, even after they have reached their annual maximum. Employees can achieve and maintain their best health by getting dental care when it's needed, before oral health issues may affect their overall health and well-being.

Plus, the extended annual maximum is a great way for groups and employees to buy down their annual maximum or coinsurance, or adjust plan deductibles and their out-of-network reimbursements.
