

A low-angle photograph of a modern office building with a grid-like facade. Two people in business attire are walking away from the camera on a paved plaza. The image is framed by a green border. Three green rectangular boxes are overlaid on the right side of the image, highlighting specific architectural details: the top box highlights a section of the upper facade, the middle box highlights a section of the lower facade, and the bottom box highlights a section of the ground floor.

Minimum 20 appointments

Maximum 60 appointments

Why Jet Dental?

Enhance your employee experience with professional onsite dental service at your workplace.

01 A Benefit You Already Offer

Jet Dental is a great no cost service using the dental insurance you already offer to your employees. We simply bill the insurance. Procedures typically covered include a comprehensive exam, x-rays, and cleaning. We also offer fillings, scaling and root planing and professional teeth whitening onsite.

02 Convenience

We bring our dental team to your workplace, making it more convenient for your employees to utilize the great benefits your company offers, while improving their overall health. Already have a dentist? We work with them!

03 Improve Your Employees Health

Half of adult Americans have gum disease whom are 2x as likely to die from a heart attack, and 3x as likely to have a stroke. Our dentists and hygienists screen for oral cancer. With proper treatment planning, we can improve your employees' health—while providing a more confident smile at the same time.

Improve Your Employees Health

82%

Haven't Visited Dentist

Most have not been to the dentist in over two years.

71%

Have Cavities

Seven out of ten we see have cavities that have yet to be treated

67%

Don't Know Benefits

The majority of insured don't understand preventive dental care is a "free" benefit.

How It Works

We are happy to offer a new benefit for all members of our team at Acme Company 2019. Jet Dental, a professional dental team, will come directly to our offices to provide free comprehensive exams, cleanings and x-rays (with insurance) for all our staff and any family member you would like to attend.

Jet Dental now offers Glo Professional, a new and improved teeth whitening system. It is the only teeth whitening product that uses both heat and light for faster, more effective, longer lasting whitening results without sensitivity.

WHEN: January 1

WHERE: Training Room

WHO: All employees and their dependents

COST: **NO COST with INSURANCE!** Just bring your insurance info.

Take advantage of this convenient benefit! If you have any questions, reply to this email or visit us in my office. Reserve your time below!
