

UnitedHealthcare Motion®

SAMSUNG Gear Fit2 Pro

UnitedHealthcare Motion® provides participants with the opportunity to earn money and get healthier by reaching daily walking goals. Activity trackers are worn to track progress and achievements throughout the day, helping inspire participants to move with Frequency, Intensity and Tenacity (FIT).

The Samsung® Gear Fit2 Pro is a cutting-edge activity tracker compatible with the Motion program.

Improve work-life balance with the cutting-edge Samsung Gear Fit2 Pro, beautifully designed to empower an active lifestyle and keep users plugged in anywhere, anytime. Combined with Bluetooth® call, text and other app notifications at a glance, users can stay connected to work and life. Other features include:

Activity tracking.

Track steps, distance, floors climbed, calories burned, intensity minutes and more. The Gear Fit2 Pro automatically detects and logs activities such as running, cycling, swimming, lunges, crunches, squats, jumping jacks, Pilates, yoga and other workouts.

Heart-rate monitoring.

Automatic heart-rate tracking measures your heart rate continuously throughout the day.

Health and diet tracking.

Set health and diet goals on your phone and start tracking your progress right from your wrist. The Gear Fit2 Pro also offers tips and insights that you can use to stay on track.

Connected GPS.

Gear Fit2 Pro has built-in GPS to keep a record of where you workout.

Sleep monitoring.

Automatically monitor how long and how well you sleep.

Water resistant.

The Gear Fit2 Pro has a water-resistant rating of 5ATM or 50 meters, meaning even in the deep end, your activity is recorded.¹

Customized apps and watch faces.

With more than 3,000 apps and watch faces to choose from, you can customize your Gear Fit2 Pro to make it work for you.²

Music on the go.

Through the Spotify® app, you can listen to music via Wi-Fi or to playlists on the go in offline mode.

For more information about the UnitedHealthcare Motion program, or compatible devices, contact your UnitedHealthcare representative or visit unitedhealthcaremotion.com.

¹ Gear Fit2 Pro has a water-resistance rating of 50 meters under the ISO standard 22810:2010. If the device or your hands are wet, they must be dried thoroughly prior to handling.

² Availability of apps for Gear Fit2 Pro may vary by country, region and operating system.

UnitedHealthcare Motion is a voluntary program. The information provided under this program is for general informational purposes only and is not intended to be nor should be construed as medical advice. You should consult an appropriate health care professional before beginning any exercise program and/or to determine what may be right for you. Receiving an activity tracker and/or activation credit may have tax implications. You should consult an appropriate tax professional to determine if you have any tax obligations from receiving an activity tracker and/or activation credit under this program, as applicable. If any fraudulent activity is detected (e.g., misrepresented physical activity), you may be suspended and/or terminated from the program. If you are unable to meet a standard related to health factor to receive a reward under this program, you might qualify for an opportunity to receive the reward by different means. Contact us at 1-855-256-8669 and we will work with you (and, if necessary, your doctor) to find another way for you to earn the same reward.
