

# Importing Current Rates in bpQuote

The screen shot below highlights where you can import Current rates in bpQuote.

The import process should be performed after you have selected the Current Plans and their respective RAF(s) and Effective Date(s).

**Employee Current Plan Rates for CurrRenewal** Menu Privacy Logout Manual

Enter each employee's rate for the current plan.

Current Plan Eff Date:

Name	Age	Status	Zip	Plan	Current		Renewal*	
					EE Rate	Tot Rate	EE Rate	Tot Rate
1.	20	Employee	94105	HMO 100%	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
2.	25	Employee	94105	Premier PPO \$20 Co-Pay	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
3.	30	Employee	94105	HMO 100%	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

\* Optional - Only enter if system calculated renewal rates will not be used

The screen shot below illustrates how the system enters Current rates. Please note that these rates may be manually adjusted in case they do not match the group's bill or renewal notice.

Also make note of the disclaimer in red text, *"Due to many factors, imported rates may not match the groups current plan rates. Please check all imported rates against the current rates provided by the carrier. HCS (HealthConnect Systems) shall not be responsible for incorrect current rates calculated by the system."*
