

WHERE'S MY ID CARD?

If you've been looking for your Delta Dental PPO ID card, we have good news for you:
You don't need one!

To obtain dental care, let your dentist know that you have a Delta Dental PPO plan through Delta Dental of California. Then, simply provide your dentist with your name, date of birth and enrollee ID or social security number. He or she will be able to easily locate your record in our system, or can give us a quick call to determine your eligibility and benefits. (The toll-free contact phone number for your plan is 800-765-6003.)

Want an ID card for your records anyway? You can easily print one in a few quick steps:

- › Go to: **deltadentalins.com**.
- › Log in to Online Services.
(If you don't yet have a free Online Services account, you can sign up by clicking **Register Today** in the Online Services menu on the right side of your screen.)
- › Once you've logged in, select "My ID card" on the left side of your screen.

View your ID card on the go through your smartphone!

- › Log in to Online Services at **deltadentalins.com**.
- › Select "My ID card" from the main menu.
- › Show this to your dental office – you'll be all set.

Please note that because the primary enrollee's name is used to verify coverage, only that person's name will appear on the ID card; however, the same card can be used by any eligible dependents.

Thank you for trusting your smile to us!
