How do I qualify for a Specialty Growth Bonus and how much can I earn?

Producers may qualify for bonus compensation based on attaining minimum qualification criteria detailed below.

New business and inforce points calculation

New business and in-force points are determined based on the number of enrolled employees within each line of coverage.

NEW BUSINESS		INFORCE BUSINESS	
Enrolled employees	Points per line of coverage	Enrolled employees	Points per line of coverage
< 10	0.50	< 10	0.25
10 – 24	1.50	10 – 24	0.25
25 – 49	2.50	25 – 49	0.75
50 – 99	3.00	50 – 99	1.00
100 – 249	5.00	100 – 249	2.00
250 – 999	7.00	250 – 999	4.00
1,000 +	10.00	1,000 +	5.00

- New business points are derived from the first bill on which a coverage appears
- Inforce points are derived from the coverage's enrolled employee count as of January 31, 2023

Compensation level determination

- Your compensation level is based on your total new business points and your total points
- You must meet the minimum, in both categories, to qualify for a given Compensation level

Compensation level	Total New Business Points Only	Total New Business and In Force Points Combined
Enhanced	30	40
Premier	40	80
Elite	65	145

Premium persistency calculation

The Premium Persistency¹ is calculated by dividing the producer's January 31, 2022, Inforce Capped Premium by the producer's January 31, 2021, Inforce Capped Premium for the same coverages

Capped persistency level:

87% or higher	At least 75% but less than 87%	Less than 75%
Peak	Summit	Base

Illustration of premium persistency calculation:

	Customer A	Customer B	Customer C	Customer D	Customer E	Total
Coverages	Dental & vision	Life & Voluntary Life	Life & Voluntary Life	Dental & Vision	Life & Voluntary Life	
Beginning premium	\$1,000,000	\$350,000	\$150,000	\$245,000	\$95,000	\$1,840,000
Capped beginning premium*	\$250,000	\$100,000	\$100,000	\$245,000	\$95,000	\$790,000
Capped ending premium*	\$250,000	\$100,000	—	\$245,000	\$95,000	\$690,000
Capped premium persistency	100%	100%	0%	100%	100%	87.34%

* A per case premium cap of \$100,000 for Life/Voluntary Life coverages combined, and \$250,000 for dental and vision combined, will be applied in the premium persistency calculation to minimize the impact of large cases on a producer's persistency.
